LITTLE MISS

Revlon

"Hello - I'm your new Little Miss Revlon Doll - little sister of the famous Revlon Doll by Ideal.

"You'll be so proud of me. Imagine! - I'm the only doll in all the world to wear the latest fashion **Formfit Bra and Girdle** - just like *your* big sister and mother.

"You're going to have so much fun dressing and undressing me for every occasion in the world's most beautiful, most exquisite costumes. You'll find them all illustrated in this little booklet. Keep it handy so you can tell mother and dad which outfits they should buy for you from time to time. Then you'll have a complete wardrobe and I'll be the best dressed doll in the world.

"I'm 10½ inches tall, and have a life-like, washable 'Magic Touch' body that's jointed at the waist, arms and legs so I can twist and turn like my big sister. You can wash and curl my rooted Saran hair; I have sleeping eyes and I wear high-heeled shoes and glamorous earrings. So get started now with a few outfits and let's have lots of fun together."

**And look - you only pay 2.98 for ME!**
